

Airport Service

At this time we do offer airport pick up and drop off service. I recommend that first we talk to help you determine whether this is correct for you and your party. Normally if you are a beach lover and plan on being on the beach all day this is fine, but if you are not on the beach all day, then I recommend that you rent a car before you get here. I usually use www.carrentals.com . They are about 3 xs cheaper then when you get here to rent.

Our service includes the following

- ✓ Pick up service from the airport to either Villas Mar y Sol or Villas Mar y Sol II
- ✓ Drop off service to the airport for either Villas Mar y Sol or Villas Mar y Sol II.
- ✓ One trip to the grocery store to shop for your food.

The cost for this service is \$ 100.00. If you are renting in Mar y Sol Cap Cana then this service is \$150.00 which is extremely less than with them. This amount will be taken at time of deposit.

Please provide us in and email request of this service and make sure you get a confirmation. Include your flight number, airlines and time of arrival and departure.
