

Part of your rental deposit is the

Gladys is the property manager, her number is 809-710-1360. She lives in Costa Bavaro, in the same complex that you are staying, less than two blocks away. Her husband is Jose Rijo 809-710-5028, he is just as helpful.

Their office is in the first phase, two buildings after the second watcheeman, directly in front of the entrance to IFA Resortl lobby. The sign says RM Soluciones. This business is a family business. They manage and sell real estate and have been part of my Bavaro family since the beginning.

Please call her and coordinate a pick up and drop off. Most of the time they will greet you at the apartment, depending on their schedule for the day. You should get to know them, they have been in Bavaro since 1994 and are always eager to assist. They will provided you with all the information you will need to make your stay an enjoyable one. They also can help you with maid service, airport pickup and many other services that you may want. (of course for an additional fee)

If you have any problems, questions or concerns give them a call first if not then call me

Fernando Suarez at 215-431-4443 or 809-202-4443.
