

## **Directions to the property**

**The directions are simple. From the airport, just ask the driver to take you to the hotel IFA better know as Villas Bavaro Beach Resort. If the driver does not know, then your in the wrong airport or the driver is less than a day old. The resort is the right after the Barcelo resort, the biggest in the country. The driver should charge around \$22.00. If you are anywhere in Bavaro just anyone and they will point you in the right direction. There is only one road in Bavaro.**

**When you enter the gate towards Villas Bavaro you will be entering the complex Residencial Costa Bavaro. Villas Mar y Sol (your apt building) will be 5 buildings before the second security gate. It is a large yellow building, the most beautiful on the block! Your apt is the center one on the second floor.**

**The key will be given to you by Gladys or Jose Rijo, there number is 809-710-1360 or 809-710-5028. They are my friends in Bavaro and can help you with any question that you may have. If you coordinate with them they may be able to be waiting for you once you arrive. Their office is 8 buildings towards the second security gate (beach). The sign on their office is RM Soluciones.**
