

## **Directions to Villas Mar y Sol II**

**The directions are simple. From the airport, just ask the driver to take you to the hotel IFA better know as Villas Bavaro Beach Resort. If the driver does not know, then your in the wrong airport or the driver is less than a day old. The resort is the right after the Barcelo resort, the biggest in the country. The driver should charge around \$22.00. If you are anywhere in Bavaro just anyone and they will point you in the right direction. There is only one road in Bavaro.**

**You will get to our complex called Residential Costa Bavaro. There are two sections, you will make a left and enter the gate towards the second phase, away from the beach. Villas Mar y Sol II (your apt building) will be 500 meters on the right hand side. It is a large red and green building, the most beautiful on the block! Your apt is the left corner one on the second floor.**

**The key will be given to you by Gladys or Jose Rijo, there number is 809-710-1360 or 809-710-5028. They are my friends in Bavaro and can help you with any question that you may have. If you coordinate with them they may be able to be waiting for you once you arrive. Their office is in the first phase towards the beach three house after the second security gate. The sign on their office is RM Soluciones.**
